

Знакот ЕДНАКВО

1 Пресметај, а потоа стави го знакот = или ≠.

$$15+2 \quad \bigcirc \quad 18-4$$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$$10+0 \quad \bigcirc \quad 20-10$$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$$20+5 \quad \bigcirc \quad 15+12$$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$$30-0 \quad \bigcirc \quad 40-10$$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$$6 + 6 \quad \bigcirc \quad 10 + 2$$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$$32 - 2 \quad \bigcirc \quad 25+6$$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

2 Пресметај, а потоа запиши го потребниот број во квадратчето за да биде =.

$$15 + 2 = 11 + \square$$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$$18 + 2 = 25 - \square$$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$$32 - 6 = 15 + \square$$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$$42 + 2 = 56 - \square$$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$$18 + \square = 46 - 6$$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$$18 + 0 = 23 - \square$$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$

$\begin{matrix} \swarrow & \searrow \\ \square & \square \end{matrix}$
